## MR.MISS BRAND STORY

**MR. MISS** is a refined vape brand inspired by British culture, founded by Lady JJ, who has more than ten years' passion and experience in the vaping industry.

Life has its ups and downs for everyone, sometimes even absurdly so; thus, pain is inevitable. The important thing is to not surrender to life, be gentle with yourself, and learn to love yourself. Even when the suffering cannot be cured, live with it.

Let every **MR** and **MISS** live life to the fullest, indulge in it, enjoy it, and love it.

"I am no bird; and no net ensnares me: I am a free human being, with an independent will."

**Miss Jane** said to **Mr. Rochester**. She inspires us with lessons about equality, independence, self-respect, and love.

**Miss Virginia Woolf** tells every girl that she had better have a room of her own, which means freedom for her.

"In vain I have struggled; it will not do. My feelings will not be repressed. You must allow me to tell you how ardently I admire and love you." When **Mr. Darcy** put down his pride and **Miss Elizabeth** let go of her prejudice, they found true love.

### **Equality. Freedom. Love.**

These are not just words, they are experiences that every **MR** and **MISS** should live, learn, and cherish.

Just like every **MR. MISS** flavour, each one has its own taste, its own meaning, and its own story. Taste it, feel it, and you will love it.

Also like the hope in sunrise, the hug in sunset, **MR.MISS** will always be your gentle friend, you can touch us anytime through social media, we are just right here, waiting for you.

**MR.MISS - Be Gentle With Yourself.**
